## Profile

---

My name is Hafidzh, and I recently graduated as the top student from Quranic Science Boarding School (QSBS) in Tasikmalaya, West Java. I am about to embark on my academic journey at University of Brawijaya in Malang, where I will be pursuing a Bachelor's degree in Electrical Engineering.

I have a deep interest in the field of electrical engineering, particularly in how technology can be harnessed to solve real-world problems. My academic background, coupled with a strong passion for innovation, has fueled my desire to contribute meaningfully to the engineering industry.

In the future, I aspire to become a skilled engineer who can design and implement sustainable technological solutions. I am eager to develop my expertise in this field and make a positive impact through my work.
